

Hello, hope you are all keeping well. Below I have listed the structure of the lesson I have planned.

Enjoy! 😊

Structure of classes:

1	This is the first class to complete. It is a PowerPoint presentation all about fruit.
1a	This is a writing activity that can be done along with the PowerPoint on fruit. The activity can be printed out or students can copy the words down on their own paper. Along with this students could make a poster with different fruits on it and label them in Chinese!
2	This is a PowerPoint on Body Parts.
2a	This is a writing activity that can be done along with the PowerPoint on body parts. The activity can be printed out or students can copy the words down on their own paper.
2b	These are flashcards that can be printed out or students can copy them and make their own flashcards.
2c	This is a video showing an activity with the flashcards. Students can do a similar activity after they watch the video.
